REQUIEM MASS was read Monday for John V. Murray, Torrance resident at 1912 Andro avenue for 30 years, whose death occurred Friday evening following a heart ailment.

ANCIENT ART
At the Cello Falls of the Columbia River near the Dalles in Oregon, Indians are reported to spear and net salmon with the same type of equipment and the same technique that was in vogue with their ancestors centuries ago. Treaty rights drawn up with the United States in 1855 protect their fishing privileges.

Howard Gillman, is director of the special choir. The organ builder, F. Maurer, will be presented during the program.

Evangelistic Program will Feature Music

An unusual program of musical entertainment will be featured next week, during a series of special Evangelistic services to be held in the Central Evangelical United Brethren Church of Torrance, according to Rev. H. Wesley Roloff, pastor.

Jack Findley and Joe Atto, accordionist and saxophonist respectively will sing and play on Monday and Tuesday evenings. Musical bells, electric guitar, accordion and saxophone music will be featured on Sunday, Tuesday, Wednesday and Friday nights by Henry and Florence Bremer.

Guest speaker for the special services, to be held February 27 to March 4th, is the Rev. Byron Chapman of Porterville, California.

'Jewish Attitude' Subject of Talk At Welfare Meet

Rabbi William M. Kramer, of the San Pedro Jewish Temple, spoke on the "attitude of the Jewish people toward the social welfare program" before 25 members of the Welfare Council of the First District as its monthly luncheon held at Daniels Cafe on Feb. 15.

Rabbi Kramer pointed out that the Jewish religion, like the Christian, believes in charity. However, the Jewish concept of charity is not to help the "lucky" but to help the needy family. Rather their idea of charity is to help the person in need to reestablish himself as a self-supporting member of society and to maintain his dignity and self-respect.

The present Jewish welfare program was developed from this basic idea in the Jewish religion and is outstanding today for its high quality of service. Rabbi Kramer cited as examples of Jewish welfare agencies the Jewish Family Service, Jewish Community Centers and agencies for the rehabilitation and Americanism of Jewish immigrants.

The Council plans to initiate a study of recreational needs and facilities in the area and to plan whatever action is necessary to increase the services where needed. A committee was appointed for this service, chaired by Robert Morton, principal of Perry Avenue School.

Sub-committees will be set up for Torrance, Lomita, Shoestring Strip and Gardena areas to study the problems in their own particular community. The Council also planned an intensive educational program to acquaint its members with the welfare resources of the area.

Those from Torrance who attended were: Mesdames Gladys Pearce, Iris Steffen, Dorsey Gruver, W. C. Graham, H. V. Markham, Virginia Rugg, Bernice Sykes; Miss Marquita Crute, Mr. B. C. Buxton, Mr. Rudolph Rivera, Rev. Clyde E. Ruckman and Rev. Torben R. Olsen.

Peter urged in one of his sermons as related in The Acts, "Jesus of Nazareth, a man approved of God among you by miracles and wonders and signs, which God did by him in the midst of you, as ye yourselves also know: Him, ye have taken, and by wicked hands have crucified and slain: This Jesus hath God raised up, whereof we are all witnesses... Therefore let all the house of Israel know assuredly, that God hath made that same Jesus, whom ye have crucified, both Lord and Christ."

Mary Baker Eddy writes in "Science an Health with Key to the Scriptures": "It is the living Christ, the practical Truth, which makes Jesus' the resurrection and the life" to all who follow him in deed."

Rev. Pederson is widely known for his visits to mercy and penal institutions, including the County Harbor General Hospital. In keeping with Brotherhood Week, Pastor Wenske will preach "We Learn Perfect Brotherhood for the Life of Jesus" at the 10:45 service.

Holy Communion will be celebrated during the evening service.

Christ Jesus Scientists' Sermon Topic

"Christ Jesus" will be the Sunday Lesson-Sermon subject in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. The Golden Text is from Isaiah: "There shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots."

"Ye men of Israel, hear these words"; Peter urged in one of his sermons as related in The Acts, "Jesus of Nazareth, a man approved of God among you by miracles and wonders and signs, which God did by him in the midst of you, as ye yourselves also know: Him, ye have taken, and by wicked hands have crucified and slain: This Jesus hath God raised up, whereof we are all witnesses... Archbishop Warns of 'Solicitors'

As a \$3,500,000 fund-raising campaign swung into high gear this week, Catholics of Los Angeles archdiocese, who are being called upon to contribute the money for 15 new high schools and grammar schools, were cautioned to examine closely credentials of solicitors.

His Excellency, Most Reverend Bishop Joseph T. McGucken, director of the drive, explained that in the past unscrupulous persons have taken advantage of charitable drives to falsely represent themselves as solicitors and make unauthorized collections.

All members of the parish teams will present cards, Bishop McGucken pointed out, bearing the name of Archbishop J. Francis A. McIntyre and the signature of Father P. J. McGuinness.

The drive for funds opened officially last Sunday, Feb. 13, when Archbishop McIntyre presided at a pontifical mass at St. Vibiana's Cathedral.

C. of C. Opposes Four-Lane Road Under Airport

A resolution protesting the efforts of the City of Los Angeles to narrow the Hollywood Freeway underpassing Los Angeles Municipal Airport was adopted by directors of the Torrance Chamber of Commerce Monday.

The matter was brought to the attention of the Chamber board by Mayor Charles H. Wortham of Redondo Beach, who stated that the original plans adopted by the City of Los Angeles in agreement with the State Highway Commission called for a six-lane subway under the airport; but that recently Los Angeles officials had been attempting to narrow the roadway to four lanes. Mayor Wortham stated that Redondo Beach and other Southway communities were opposed to this move on the part of Los Angeles as it would hamper the development of this area.

Torrance Chamber directors addressed their resolution opposing the narrowing to S. V. Cortelyou, Assistant State Highway Engineer, and a copy of the resolution was ordered sent to the Torrance City Council suggesting similar action by that body.

Sermon Theme for Scientists

"Great is our Lord, and of great power: his understanding is infinite." This declaration of the Psalmist will be the Golden Text of the Sunday lesson-sermon on "Mind" in all branches of the First Church of Christ, Scientist.

According to John's gospel when Jesus heard that Lazarus was sick, he said, "This sickness is not unto death, but for the glory of God, that the Son might be glorified thereby... Then when Jesus came, he found that he had lain in the grave four days already." And he said unto Martha, "I am the resurrection, and the life: whosoever liveth and believeth in me shall never die... Then they took away the stone from the place where the dead was laid. And Jesus lifted up his eyes, and said, Father, I thank thee that thou hast heard me... And when he thus had spoken, he cried with a loud voice, Lazarus, come forth. And he that was dead came forth, bound hand and foot with graveclothes: Jesus saith unto them, Loose him, and let him go."
